## DR VALERIA ACAMPORA, AESTHETIC MEDICINE

Due to the high standards required in our clinic, we spent more than an entire year searching for a doctor with the qualities necessary to offer our cosmetic treatments. In Dr Valeria we finally found a cosmetic doctor, who more than meets our requirements. In fact, she exceeded all our wishes and we feel very lucky to have convinced her to relocate to London for us.

Dr Valeria is a very highly experienced cosmetic doctor from Rome. Dr Valeria completed Medical School in Italy where she achieved the maximum score possible with 'summa cum laude' ratings in not only her medical degree, but also her specialist training. In addition to her medical degree to become a fully qualified doctor and her specialist degree, Dr Valeria also earned the highly coveted Diploma in Aesthetic Medicine from the American Academy of Aesthetic Medicine. In addition, she also trained at the renowned Gianicolo Plastic Surgery Institute in Rome, Italy.

Dr Valeria is GMC registered, an Associate Member of the British College of Aesthetic Medicine and a board certified Medical Doctor within the American Academy of Aesthetic Medicine. She is also a member of the prestigious Obagi faculty and has traveled around the world as an international skincare trainer. We are extremely privileged to have Dr Valeria with us now. She offers all of our non-surgical cosmetic treatments including wrinkle relaxing injections, filler and volumising treatments, 'Dracula' therapy, skin revitalisation, GEL needling and mesotherapy.

Dr Valeria is fluent in both English and Italian.
